ILLINOIS Window Tint Law (effective October 30, 2009)

- ❖ Windshield-----non-reflective tint can be applied to the top 6 inches (AS-1 line)
- ❖ Front side windows, Back side windows, Rear window-
 - Option 1—If the consumer chooses to have below 30% vlt on rear windows behind the driver, then no film is allowed on the front side windows
 - Option 2—If the consumer has clear factory glass on all windows, then 35% vlt film can be installed on all side and rear windows
 - Option 3—If the consumer has factory installed privacy glass on rear windows, 50% vlt is allowed on front side windows (Ex: SUV, MPV, crossover, etc.)

NOTE: There is a statutory 5% variance for all tinted windows.
The new law is a NET law.

On October 30, 2009, **House Bill 3325** passed the Illinois Senate and became law effective immediately. The new legislation is a significant enhancement to the Illinois law and provides options for our customers to receive the benefits of our products and also supports the law enforcement community with better-defined laws including appropriate penalty provisions for illegal use.
